

E-Mentoring Program

Sometimes we all need a little advice, coaching and encouragement. Often it is less interesting to meet people and ask questions in the anonymity of Email. This is why WISE created the E-Mentoring Program.

The goals of the E-Mentoring Program are:

- To provide students with a professional mentor.
- To provide students with a source of information about careers and industry.
- To provide a source of encouragement and advice.

A Mentor can

- Encourage
- Listen
- Give advice
- Relay personal and professional experiences
- Share expertise

If you would like to participate in the E-Mentoring Program, please complete the form to the right, cut and expose the address, and deposit it in campus mail.

For more information please contact:
